LOZANO NAVAS DANIEL F.

CLOUD SOLUTIONS ARCHITECT

ABOUT ME

My Name Is Daniel Fernando Lozano Navas, I am a serial entrepreneur, compulsive developer, passionate sys-admin, gamer and aviation enthusiast. I specialize in helping companies increase productivity while reducing technology costs by aligning the path for them to collaborate and optimize efficiencies.

Why? Because I like to help people first to then become a trusted resource.

BADGES

EXPERIENCE

Fenix Alliance Group

2013 - Current

MINDCRAFTER - CHIEF EXECUTIVE OFFICER

As CEO at Fenix Alliance, a small IT consulting startup I get to wear every hat available. This means that for over 7 years I've devoted my days and nights to deliver great experiences and learn as much as I can about IT to increase every day the value that I deliver to our customers.

EDUCATION

World Wide Web

2011 - 2019

SOFTWARE DEVELOPMENT & CLOUD COMPUTING

Hundreds of courses and learning & certification paths directly from industry-leading organizations such as AWS, Harvard, IBM, Intel, Stanford, MIT, Microsoft, RIT, NVIDIA and so much more.

Universidad de Boyacá

2016 - 2019 (U)

SYSTEMS ENGINEERING (UNFINISHED)

Passionate student (Sometimes teachers asked me to take over the class). Had a full-scholarship granted by our government, but I started to miss classes due to my passion for online learning and, sincerely, same issue that took me out of my last college, so I let it be someone else's place!

Universidad Santo Tomás

2012 - 2013 (U)

LAW SCHOOL (UNFINISHED)

Youngest investigator to represent the institution overseas. (Fernando Pessoa University - Oporto, Portugal. - CEISAL 2013) Still passionate about Human Rights, international commercial law, cultural pluralism and International affairs. Dropped out when I realized I couldn't get my hands out of my computer.

PROJECTS & ACCOMPLISHMENTS

"Practice creates habits, and habits create mastery of any process or skill."

- Gene Kim, *The Phoenix Project*.

DANIEL LOZANO N.

Alliance Business Suite

Started: 2015

SUITE OF SOLUTIONS FOR COMMON DIGITALIZATION NEEDS.

Either from a GUI (ABS Suite), the CLI or our HTTP REST, GraphQL and GRPs APIs, users can quickly and easily manage several components of their businesses across industries through a unified, yet extremely extensible Common Data Model. Project sponsored by AWS Activate (2015), Microsoft Bizpark (2015 - 2018) & NVIDIA Inception (2017).

ComputeWorks

Started: 2015

OUR CLOUD & IT MANAGEMENT PLATFORM

As CSP, we provide 6 consulting practices to help organizations to adapt, increase their efficiency and agility in a world where change is the rule. Corporate Partnerships: Microsoft, Intel Technology Provider Gold, IBM, HPE, IoT Solutions Alliance, AWS APN, and other 20+ Alliances all over the world.

Boomlabs Academy

Started: 2020

OUR EDUCATION PROGRAM INITIATIVE.

We started Boomlabs because we believe the best thing that can happen to anyone, is education. At Boomlabs we provide computer science training, as well as resources for academic institutions at reduced rates and even for free. This includes cloud computing and collaboration resources.

Infinity Comex

Started: 2015

OUR ECOMMERCE PLATFORM AS A SERVICE.

Borned as our eCommerce site, Infinity Comex is now becoming a part of the Alliance Business Platform, releasing their entire power for everyone!

Architektur Allianz

Started: 2016

OUR ARCHITECTURE & BIM TECHNOLOGIES.

At Architektur Allianz we hadcraft Architectural Visualizorion and IT solutions for Building Information Modeling as a set of extensions for ADSK Products. AA is Propietarios.net's owner. Project sponsored by the Autodesk Entrepreneur Impact Program (2017).

TransportCenter

Started: 2018

REAL TIME DASHBOARD FOR FLEET AND TRAFFIC MGMT (IOT).

Award winning project that born at the Youth For Public Transport (Y4PT) 2018. Event hosted by MinTIC CO. Sponsorship & Award by Apps.Co.

Minnext and CoopChain

Started: 2018

BLOCKCHAIN BASED DAAPS TO INCREASE COMPLIANCE.

Award winning projects aimed to improve compliance on both the mining and cooperative industries through a distributed, cryptographic ledger. Actively seeking funding by IBM. Award by Universidad de Boyacá (2018).

Propietarios.net

Started: 2021

VEHICLES & REAL STATE OWNERS NETWORK.

At Propietarios.net, we're building the platform that will take out the complexity out of finding your dreamed property. This platform, fully written in Blazor, allows users to trade their properties without the hustle. It also exposes a REST API for extensibility as a white label solution.

AllGreen Pact

Started: 2015

OUR CORPORATE RESPONSABILITY PACT.

At Fenix Alliance, we understand how fascinating and special life is. As CEO, I've endorsed the United Nations Global Compact as well as the CEO Water Mandate, betting our efforts towards sustainable technologies and helping our customers to lower their carbon footprint by moving several workloads to renewable energy powered facilities. I am aware of how our mission requires much more than simply offering products and services. It requires us to be a responsible, transparent and committed organization.

AND OTHERS...
